2008 WINTER WEEK-END SCHEDULE

Because so many parents requested it, we are happy to announce our new "WEEK-END" classes. Classes will run 2 hours per day, Saturdays and Sundays only. This course is the same as our regular Monday-Thursday courses and will finish the students in 8 weeks. Students **cannot switch** back and forth from week-end classes to week-night classes as the schedules do not run the same.

You have the same choice as our week-night classes, between our Basic Course, Advantage Plus Program, or Classic Experience. All courses include 30 hours of class, books, pick up at home for all behind-the-wheel lessons, & a letter of certification issued by the Secretary of State. The Basic Course includes 6 hours of behind-the-wheel instruction & 6 hours of observation. The Advantage Plus Program includes 8 hours of private behind-the-wheel instruction, and The Classic Experience includes 12 hours of private behind-the-wheel instruction. The **deposit** for the Basic Course is \$130.00, the Advantage Plus Program \$205.00, the Classic Experience \$405.00. Students needing class only-send one time payment of \$200.00.

We will take the student for their permit, and there is no charge for the permit trip (the student will pay \$20.00 to the Secretary of State for the permit/license fee). We will provide free pick up and drop off at home or school for all of their behind-the-wheel lessons **PLUS** one of the below behind-the-wheel programs. You choose!

OUR BASIC COURSE

- In addition, this course consists of 6 hours of behind-the-wheel instruction & 6 hours of mandatory in-car observation. Lessons will be scheduled in four, 3-hour blocks, 1½ hours of driving, & 1½ hours of observation.

THE ADVANTAGE PLUS PROGRAM

- This program includes everything mentioned in the All Inclusive program & also consists of 8 hours of private behind-the-wheel instruction, no observation. The student will receive six lessons totaling 8 hours. The extra hours will be used for fine-tuning, intensive defensive driving, & emergency handling of the vehicle. Students who have busy schedules will find this program easier to complete than the basic.

THE CLASSIC EXPERIENCE

- This program includes everything mentioned in the All Inclusive program & also consists of 12 hours of private behind-the-wheel instruction, no observation. The student will receive eight lessons totaling 12 hours. Above & beyond what the Advantage student will learn, the Classic student will excel & become increasingly skillful in all areas of driving with heavy emphasis on accident avoidance techniques. Four hours of this program can be used toward the 50 hours of supervised driving required by the state. This is the ultimate driver ed experience.

Completion of any of these courses will earn the student state certification & satisfy driver ed requirements for graduation.
